e-Catalogue of Cylinder Type Vibration Motors

For more technical details, please send email to info@ineed.hk or call us at (+86) 769 2289 1073.

NOTES:

1. Electrical performance, such as voltage, speed, current, torque etc could be customized.
2. Lead wires, rubber housings, mounting brackets, shafts and eccentric weight could be customized.
3. All motors are available with required lead wires and connectors (e.g. molex 51021-0200, elco 8005/ 8015, aces 50276-002/ 50270-002 etc).

Category	MPN#	Picture	Size (mm)	Rated Voltage (V DC)	Rated Speed (RPM)	Rated Current (mA)	Starting Voltage (V DC)	Contact Method
Vibration Motor	IND-YZ1015C120-4260T		Diameter: 10.5 Total length: 20.6	3.7	8500±2000	≤280	≤1.7	Connector

Technical requirement

1. Rated Voltage: 3.7V
2. Rated current: 450mA Max
3. Rated speed: 9500±15%
4. Shaft end play: 0.05-0.30mm
5. Unmarked tolerance: ±0.1mm
