

TOSHIBA LED LIGHTING – lighting for your premises

All the lamps that a business requires. The easiest way to save more than 80% of energy in the electricity bill (related to lighting). These products offer a bright and warm light that create a cosy atmosphere in your premises. On top of that they have many other advantages, such as the long life span of up to 30,000 hours or more than 30 years (based on three average lighting hours/day).

For your business premises

One brand – all lamps: Toshiba LED lighting

The Toshiba LED lighting range has the ideal solution for perfect individualised lighting for any situation. Toshiba LED lamps are efficient, practical and aesthetically pleasing, and perform to the highest standards whilst reducing energy consumption on lighting by up to 80%.

No need to make any compromises with our LED Retrofit lamps, as Retrofit stands for the classic bulb styles you already know: retrofit on the outside, but with Toshiba's revolutionary LED technology on the inside.

Whatever kind of lighting you envisage for your premises, the extensive range of Toshiba LED lighting products gives you the choice you're looking for.

Whether it's warm general lighting or directed accent lighting you have in mind, or whether you prefer atmospheric room lighting or spotlighting, Toshiba LED lighting has the perfect solution for you.

And Toshiba LED lamps are, of course, available with all conventional socket types.

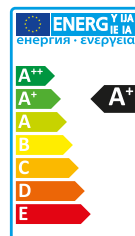

Product details

- + Retrofit form factor
- + No mercury
- + Low energy and high efficacy
- + Low Heat Radiation
- + No IR or UV in the front part of the lamps
- + Long lifespan: up to 30,000 hours or 30 years (considering 3 average burning hours/day)
- + Switching cycle: over 15.000 times
- + Warm-up time: Instant full light
- + Lumen maintenance factor: L70
- + Starting time: < 0.5 sec
- + Colour consistency: 6 SDCM

Universal in use

This veritable all-rounder is flexible, long-lasting and robust: the perfect solution for your general lighting applications.
