

CX71

Digital cable TV and razor-sharp images

HDTV cable receiver for all free-to-air TV and radio stations.

The CX71 features a USB port for connecting an external hard drive, and a digital audio output port. The CX71 makes for an uncomplicated first step into the exciting world of digital cable TV. You'll be surprised at just how easy it is, because RASS technology means you no longer have to search long and hard for available channels. It does it all for you.

* PVR-ready as an optional extra
